In Loving Memory of William (Winky)

William was born in Hawker on the 21st November 1957, 4th child to David and Pam.

In September 1962, the family moved to Port Augusta, where William attended Westside Primary School and also Port Augusta High School.

William met Marie Amos in 1984 in Port Augusta where they had a family of three boys and he also became Step father to Damien and Bobby.

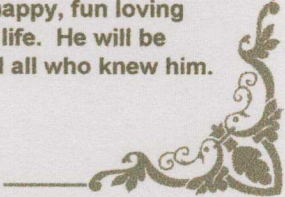

Winky was a caring and loving father, and stepfather to the boys.

A very special person who has left us with very special memories.

William worked on various stations from the age of 14 years. the Commonwealth Railways in Kwinana W.A, mined at Andamooka, He also was a painter for a number of years.

William enjoyed Horse Riding and Motor bikes. One of his last highlights was a Horse Trek with Doug Drennan through the Flinders Ranges, which Winky mentioned late November it was a trip he would love to do again.

Winky always put others needs first and often helped out when times were tough. Winky was a happy, fun loving special person and knew how to enjoy life. He will be sadly missed by family and friends and all who knew him.

Rest in Peace
