*In loving memory of  
Colvin John Noel Reid  
1991 - 2005*

Colvin was born on the 23rd of May 1991 and is the eldest son of Michelle Coulthard and Gavin Reid, big brother of Gavin (Fat Boy) and Garron (Black Boy) and Grandson of Noel Coulthard, Veronica Milera, Colin and Gail Reid.

Colvin was a bright lad who could light up a room with just a smile. His laughter was a joy to hear. His beautiful eyes and long lashes were envied by many women along with what they would call his full lips.

He had a gentle, caring and sensitive side that was only seen by a few people.

Colvin was also protective of his two brothers and often got into scuffles to protect them. He was also there to support the rest of his brothers and sisters when needed.

Colvin was a very active boy who was always on the move but always took pride in his appearance.

He took every day as it came without a care in the world. The one thing he always looked forward to was his football matches. A keen South Augusta player, although late for matches, he gave all that he could, often complaining that he could have done better. We all knew that he had what it took to go all the way.

Colvin started his schooling at Carlton Primary School in 1995 then transferred to Flinders View in 1998. After some time he decided he preferred to go back to Carlton as he enjoyed being around his family and friends there.

Colvin loved nothing more than his family. He was devoted and loyal. Often he would take on the role of man of the house and this was taken seriously. He would weigh up the options and after some consideration give his decision. Most of the time with Colvin it was his way or no way!

Colvin was a very strong and determined boy and this shone through throughout his sickness. After his initial accident, the doctors didn't expect him to see the week out. But as the weeks went by the doctors had to comment on how he was putting up a remarkable fight.

Colvin showed how stubborn he could be and he liked to prove people wrong.

Sadly after seven and a half weeks Colvin could fight no longer and suddenly on the 12th of January 2005, Colvin departed on a journey to reunite with his Grandfathers.
